

FOR IMMEDIATE RELEASE – March 23, 2009

## tekservePOS Acquires Restaurant Solutions Inc., a Hospitality POS Hardware and Service Provider

*RSI solutions enable tekservePOS to grow its brand in the hospitality market space while bringing new services such as help-desk support to the retail environment.*

**Hoffman Estates, Ill.** – tekservePOS announces the acquisition of Restaurants Solutions Inc. (RSI), a leading provider of point-of-sale hardware and services for the hospitality industry. RSI's solutions include POS hardware, 24 / 7 help desk support, repair center, and on-site and installation services serving over 4,000 quick service restaurants and dining establishments nationwide. In addition, RSI is the official Squirrel distributor for the Chicagoland area.

"Until this acquisition, hospitality represented a large untapped market for tekservePOS," explains John Pruban, president of tekservePOS. "By combining our offerings, we strengthened our product portfolio and extended our reach into this market space. Together, we will continue to serve Chicagoland with key customers such as Harry Caray's, Gino's East and more, and work to expand our national reach as well the McDonald's customer base."

In addition to offering its products and services to the hospitality space, tekservePOS will leverage RSI's industry-leading capabilities and staff knowledge in the retail environment. tekservePOS plans to rollout help-desk capabilities to support tekRETAIL Suite, its new POS software offering.

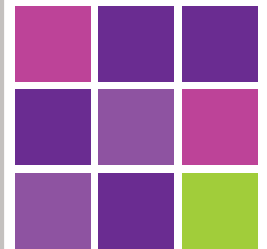

"The acquisition made perfect sense for both companies," says Paul Sheppard, president of RSI. "Both companies will be able expand into new markets using each others expertise as the driving force. We look forward to growing our current business relationships while extending our technology into retail, convenience, grocery and other new markets."

The RSI team will join tekservePOS at their corporate headquarters in Hoffman Estates, Ill. The help desk will remain in Spokane, Wash.

**About tekservePOS** - tekservePOS offers Total Solution of POS hardware, software, in-store and maintenance services for the retail, hospitality, convenience and grocery industries. tekservePOS customizes solutions that consolidate vendors improving efficiency and reducing costs.
